

NUCLEAR ABOLITION

CONGRESS TAKE ACTION:

Cosponsor H Res 1045, the bipartisan bill of Rep. McGovern and Rep. Lundgren

"Recognizing the paramount need to address the threat of international terrorism and protect the global security of the United States by reducing the number and accessibility of nuclear weapons and preventing their proliferation, and directing a portion of the resulting savings towards child survival, hunger, and universal education, and calling on the President to take action to achieve these goals."

Cosponsor H Res 68, Rep. Woolsey's bill

"Recognizing the dangers posed by nuclear weapons and calling on the President to engage in nonproliferation strategies designed to eliminate these weapons of mass destruction from United States and worldwide arsenals."

Peace Action calls for the US to lead the world in honoring its Article VI obligations under the Nuclear Nonproliferation Treaty to abolish its nuclear weapons.

DECONSTRUCTING NUCLEAR WEAPONS

Peace Action supports the efforts to review debate and develop an updated US nuclear weapons policy before making any decisions about refurbishing our nuclear weapons production complex or working on new nuclear weapons.

SENATE TAKE ACTION:

Urge the Armed Services Committee to zero out all authorization of the Reliable Replacement Warhead (RRW) in Conference Committee, as the House has already done.

Support legislation and funding which **dismantles nuclear warheads and controls nuclear materials in the U.S. and abroad.**

A WORLD FREE OF NUCLEAR WEAPONS

"Nuclear weapons today present tremendous dangers, but also an historic opportunity. U.S. leadership will be required to take the world to the next stage -- to a solid consensus for reversing reliance on nuclear weapons globally as a vital contribution to preventing their proliferation into potentially dangerous hands, and ultimately ending them as a threat to the world."

George P. Shultz, William J. Perry, Henry A. Kissinger and Sam Nunn
